

Dempsie B. Morrison

CSI Memphis

THE MORRISON SCHOLARSHIP

2022-2023 Campaign

- Full tuition scholarship for one academic year at the University of Memphis.
- Funds raised by CSI Memphis are matched by the University of Memphis.
- Two scholarships are awarded every year as a result of this partnership.

Dempsie B. Morrison, Jr., FCSI was a practicing architect, specifier, and teacher deeply involved in the CSI Memphis and National chapters. The CSI Memphis Chapter continues to honor his memory by awarding the Morrison Scholarship, in partnership with the University of Memphis, to two (2) University of Memphis Architecture students. Since 1979, the Memphis Chapter has awarded this full tuition scholarship and positively impacted more than 39 students pursuing a career in architecture!

The Morrison Scholarship is available because of the generosity of our donors. We greatly appreciate your consideration and hope you will join us in providing this amazing scholarship to two deserving recipients in 2023-2024!

Sincerely,
Julie Fleming
Scholarship Chair

2022-2023 RECIPIENT

Jesus Duarte,
2nd Year Graduate Student

"Thank you for your generosity in selecting me as a recipient of the CSI Memphis Dempse Morrison Jr Memorial Scholarship. With your help, I was able to complete a milestone in my life by completing my Masters degree in Architecture at the University of Memphis. As a first generation student and first architect in the family, obtaining this scholarship was an honor. I look forward to being able to give back to the community once I begin my career in architecture. "

2022-2023 RECIPIENT

Duewa Alfugaha,
Senior | Architecture

"Thank you for choosing me as one of the recipients of the Dempse Morrison Scholarship. Studying Architecture and becoming an architect has always been a lifelong dream of mine, ever since I was ten years old. After graduating with B.F.A in Architecture I wanted to attend graduate school to further explore and dive into the details that will help me become more knowledgeable in the profession. Architecture has changed how I see the world and ultimately changed my life. Thanks to this prestigious scholarship for allowing me to pursue my goals and dreams and help me financially towards my education."

CSI Memphis | *The University of Memphis*
